What is Email Management?

Email Management provides administrators the ability to edit the appearance, content and schedule of the automated system emails. Emails may differ depending on your subscription.

FOR EXAMPLE

When a member's membership is due for renewal in one month's time, they will receive an automated renewal reminder.

Some screenshots in this guide may differ depending on subscription type.

How do I access Email Management?

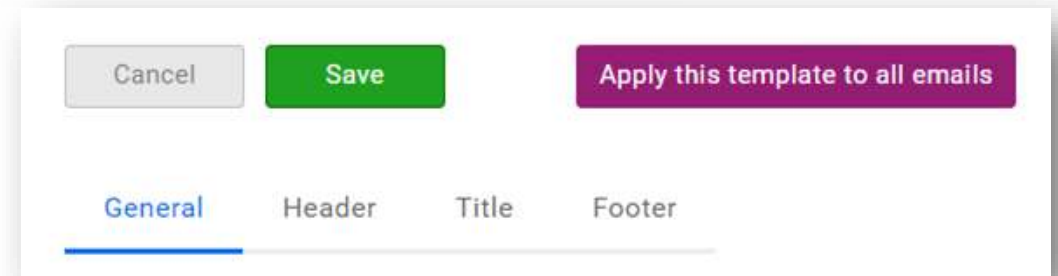

If you are logged into JustGo as an administrator you will find an Email Management tile in the Menu.

What are Email Templates?

Administrators are able to customise the format of the emails.

You can edit the Header and Footer around the content.

How do I create a new template?

With the ability to store multiple templates, each type of email can have its own personality.

On the Email Templates tab (as seen on the previous page). Click Add New Template on the right hand side of the screen.

Email Templates				+ Add New Template
Name	Heading	Description	Actions	
Default email		GoMembership		
PCA		Default template for PCA

How do I create a new template?

Name: Used to identify the template and not visible to the recipient.

Description: A brief summary of the template, optional and not visible to the recipient.

Organisation Name: The name of the sender.

Organisation Email: Default email address of the sender. Only used when no sender email address is selected during the content editing of the email.

JustGo URL: Used to replace #URL in the email content.

A screenshot of a web form for creating a new template. The form has a white background and a subtle drop shadow. It contains five input fields, each with a label to its left and a small asterisk to its right. The fields are: "Name:" (required), "Description:" (optional), "Organisation Name:" (required), "Organisation Email:" (optional), and "JustGo URL:" (optional).

Name:	<input type="text"/>	*
Description:	<input type="text"/>	
Organisation Name:	<input type="text"/>	*
Organisation Email:	<input type="text"/>	
JustGo URL:	<input type="text"/>

How do I create a new template?

Signatures: This changes the default signature of the template and can be left blank.

Colour: Changes the background colour of the footer

Social Media: Add in links to your social media channels and they will show up as icons.

Other Links/Text: This will show beneath the social icons and can be left blank.

How do I edit Email template?

The Default template cannot be edited. You can however make a copy of the default in order to create your own branded template.

You can see from the trash icon, that PCA's Template is a branded copy because you are able to delete it.

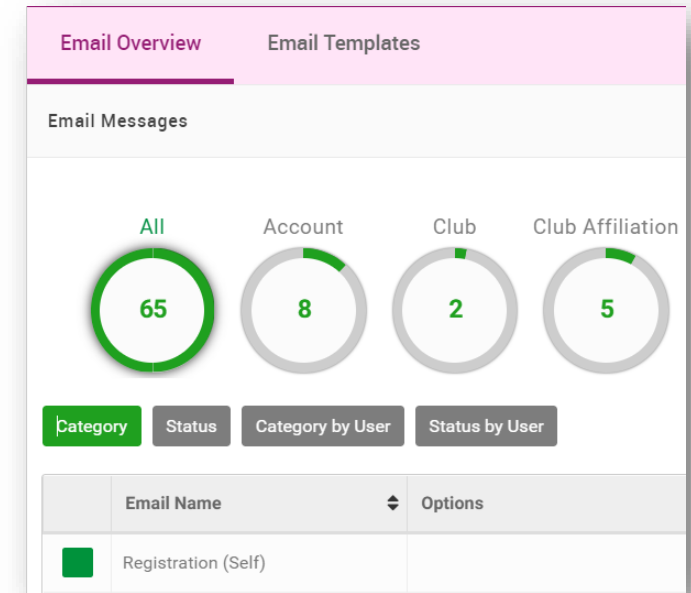

Name	Heading	Description	Actions
Default email		GoMembership	 
PCA		Default template for PCA	  

What is Email Overview?

The Email Overview shows all of the automated emails that are sent from the JustGo system to the members.

On the right hand side of the screen you have an action to switch these emails on / off.

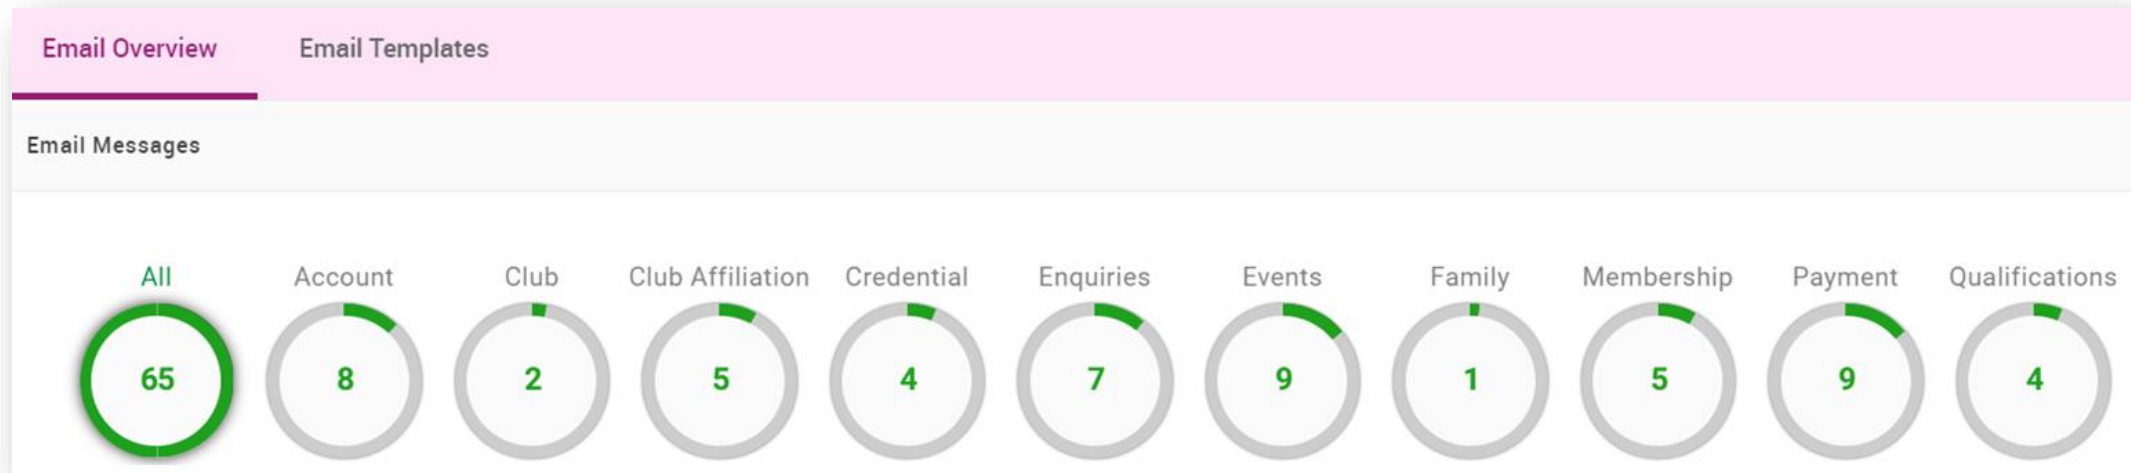

Some screenshots in this guide may differ depending on subscription type.

Continued on the next page...

What is Email Overview?

Using the roundels in the Email Overview you can segment the emails into the category you wish to look at.

This section breaks the sorting method down further.

Continued on the next page...

What is Email Overview?

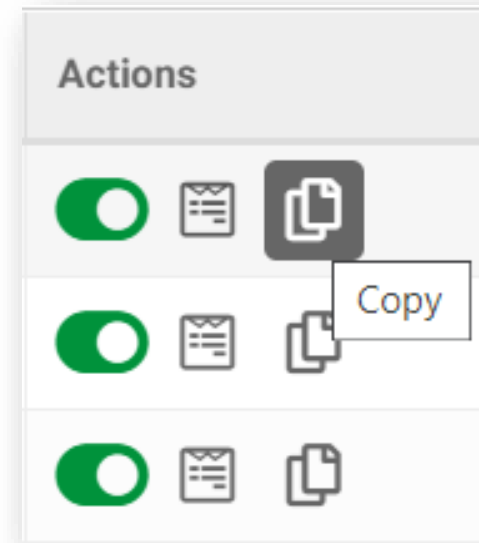

The first few emails under the selected category are the system defaults. These can only be activated/deactivated, viewed and copied with the controls indicated.

If you want your own specific wording you will need to make a copy of the default and then be sure to switch off the default and switch on your copy.

	Email Name	Options	Actions
<input checked="" type="checkbox"/>	Registration (Self)		<input checked="" type="checkbox"/>  
<input checked="" type="checkbox"/>	Registration (NGB)		<input checked="" type="checkbox"/>  
<input checked="" type="checkbox"/>	Registration(Club)		<input checked="" type="checkbox"/>  

How do I customise an automated email?

Simply click the copy icon on the right hand side of the screen to start creating your own customized version of that email.

How do I customise an automated email?

The draft can be previewed before saving to make sure the email is right.

Please make sure to save the draft before exiting.

The screenshot shows a user interface for managing email drafts. At the top, there is a section titled "Attachments & Reports" with two buttons: "+ Add Attachments" (yellow) and "+ Add Reports" (teal). Below this is a dashed box containing the text "Drag file(s) here or click to upload". Underneath the dashed box is a table with two columns: "Name" and "MessageType". At the bottom of the interface, there are three buttons: "Save" (green), "Preview Email" (purple), and "Cancel" (grey).

How do I customise an automated email?

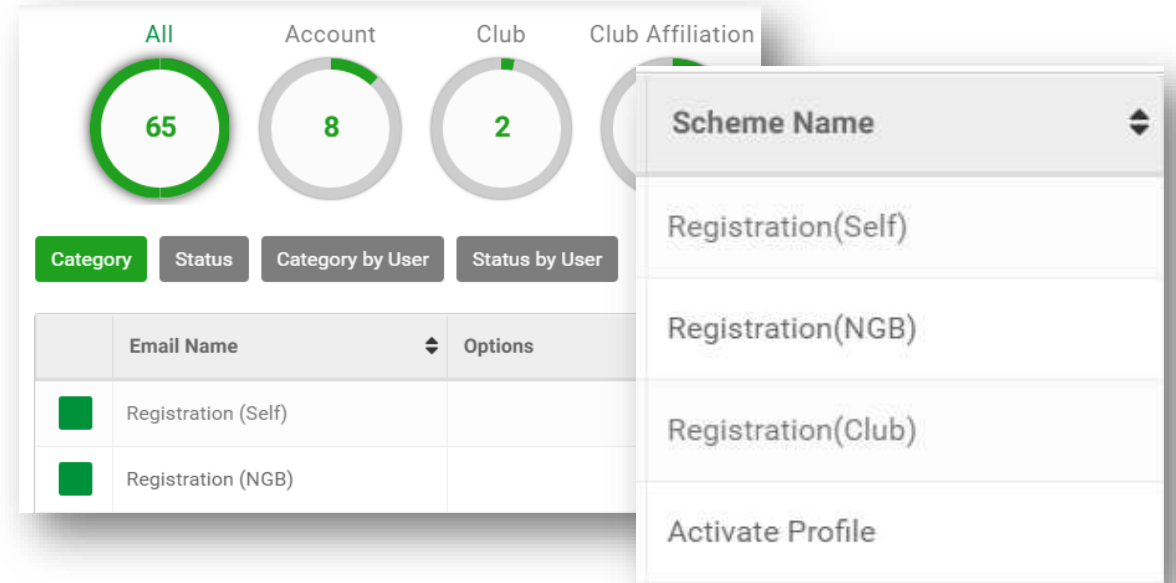

After saving, the new email will be located at the bottom of the list in the email overview

	Registration (NGB)		#OrganisationName membershi...	Registration(NGB)	Default email	  
	Registration(Club)		#OrganisationName membershi...	Registration(Club)	Default email	  
	Activate Profile		#OrganisationName account act...	Activate Profile	Default email	  
	Registration(Upload)		Registration(Upload)	Registration(Upload)	Default email	  

How do I identify which custom email replaces which system email?

To identify which customised emails replace which system emails, first sort as Category.

Then match the fields from the Scheme Name.

The screenshot displays the email management interface. At the top, there are four circular gauges representing different categories: All (65), Account (8), Club (2), and Club Affiliation. Below these are four filter buttons: Category (highlighted in green), Status, Category by User, and Status by User. A table below shows the email names and options. A dropdown menu is open over the table, showing the 'Scheme Name' field with a list of options: Registration(Self), Registration(NGB), Registration(Club), and Activate Profile.

	Email Name	Options
<input checked="" type="checkbox"/>	Registration (Self)	
<input checked="" type="checkbox"/>	Registration (NGB)	

- Scheme Name
- Registration(Self)
- Registration(NGB)
- Registration(Club)
- Activate Profile

How do I use Merge Tags?

Merge tags are dynamic values that are replaced when the email is being sent. This feature is only available at the subject and body of the email.
