Your Chance to Honour Living Legends

We were delighted by the wonderful response to our call for nominations for Living Legend commemoration certificates. Aimed at those aged 80 and over in this the year of our 80th birthday, we wanted to honour those who have given many years to Pony Club, or contributed in an outstanding way. We had 120 worthy recipients.

If you are a club who nominated a Living Legend (or two or three), PCA is offering you a copy of the certificate to put on the clubroom wall, for future members to see and hopefully be inspired to continue to support Pony Club.

If you would like a copy, send an email to Bronwyn at marketing@ponyclubaustralia.com.au giving the name of your legend(s), and a copy will be emailed back to you to print, laminate or frame, and hang on the wall.

Pony Club UK celebrates 90 years – help us send a message

We have just celebrated 80 years of Pony Club in Australia – and now we'd like to wish Pony Club UK a happy 90th birthday next month (August 2019).

Popular English composer Andrew Lloyd Webber has given PCUK a specially written piece of music, and we plan to put together a seven minute video (with this music as backing) consisting of photos from as many Australian clubs as possible. This video will be loaded onto YouTube for Pony Clubbers world-wide to see how great Pony Club life is throughout Australia.

We would like clubs to send in up to three photos to be a part of this event. To take part clubs will need to:

- Choose up to three photos from your collection, or take some new ones
- Photos need to show the fun and friendship of Pony Club and can show one member or plenty of members.
- Photos must be at least 250kB in size and be in focus. Do not reduce photo size to email them.
- Email them in by Sunday night, July 27th to marketing@ponyclubaustralia.com.au

This video will be around for many years so make sure you take part! Sending us photos will also mean you agree to us using them for other promotional purposes.

Please note the deadline to avoid disappointment.

Low Running Costs

Four Mitsubishi Motors models have been identified as the most economical cars to own and operate in their class according to the 2018 Vehicle Running Costs study conducted by Australia's motoring organisations.

According to data issued by the RACV, Triton GLX (4x2 and 4x4), Pajero Sport GLX, Outlander PHEVLS and Mirage ES all recorded the lowest running costs per week in their respective segments, proving that the Mitsubishi range extends its value-for-money appeal long after a customer leaves the dealership.

Pajero Sport GLX achieved the best-in-class result in the All-Terrain SUV category with running costs at \$237 per week on average, whilst the Triton GLX results suggest owners can enjoy less work and more play, running at just \$210.99 per week for the 4x2 and \$225.95 for the 4x4 drivetrain.

Proven Towing Safety and Capacity

Towing live cargo is different to any other type of towing. Sure, you want a powerful car that can tow your float, saddlery and horses but it also needs to be a smooth ride and of course, safe. Mitsubishi Motors know cars and towing but horses are a different story so they have enlisted the help of experienced horse tower and horseman Pauly Daniel from Daniel-Tessari Horse Reflections to test out their most popular tow cars with his horses.
