Jumping Equitation

Five reasons to try Jumping Equitation

- This is a jumping event where you also gain points for presentation and riding ability.
 - Your horse benefits because you learn to ride at an even, calm pace.
- There is no jump off it's one round only. So you don't need to have a fast horse, or be worried about increased fence height.
- Having to think about your position and how you are riding makes for a better rider and happier horse.
- The equipment is the same as for showjumping if you have some show jumps you can do this variation.

Compiled with the assistance of Pony Club Tasmania,
Pony Club WA and their State Showjumping Committee, and Pony Club NSW

Jumping Equitation - What is It?

The perfect Equitation round should be one of rhythm, fluency and precision.

The rider should look like they are doing very little to maintain the flow.

If these components of the 'invisible ride' are not achieved then look for what is causing the jarring role.

Jumping Equitation is rather like dressage over jumps. Not only do you have to complete the course, you are marked on other aspects as well, including your presentation (judged before the test), your position, your accuracy, your control of the horse and more.

It doesn't require you to ride fast, or do a jump off over heightened fences.

It does require you to do one round, preferably clear, and jump all the fences PLUS do some of the following, which should not disrupt the flow:

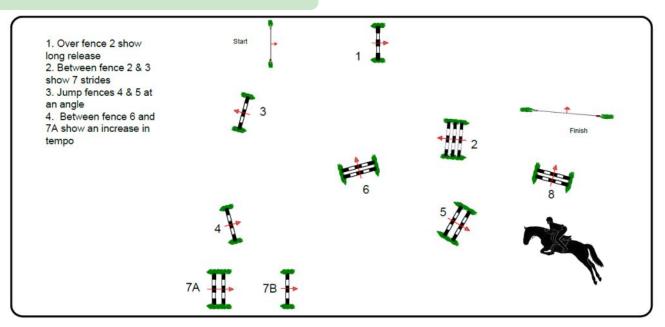

- 1. Show long/short crest release over fence
- 2. Show increase of pace between two fences
- 3. Jump a fence from the hand gallop
- 4. Jump a fence on an angle
- 5. Show a stipulated number of strides between two fences
- 6. Show a short turn between two fences

Alternative Tests, depending on your level:

- 1. adjustment of stirrups at the halt / at the walk. (To be done before starting the jumping round)
- 2. Drop and pick up stirrups at the halt/at the walk (To be done before starting the jumping round)
- 3. Pick up a stipulated lead from the walk/trot to the
- 4. Change lead through the trot
- 5. Downward/upward transition at a marker
- 6. Canter on counter lead (i.e. counter canter)
- Halt and rein back, maximum four strides (to be done after the finish or before the start)
- 8. Flying change
- 9. Jump a fence from the trot. (Preferably this test to be done at Fence 1)

Sample JE Course

Above: This sample jumping equitation course supplied by PCANSW was from an event at Sydney Royal Easter Show and shows the type of extra requirements JE requires. The course designed by John Vallance is one round, untimed.

Jumping Equitation as a Teams Event

Some States hold (or used to hold) Jumping Equitation as an event at their State Showjumping Championships. Here's an example of how to make this a team event—taken from the rules for PCAWA's State Championship equitation class.

Presentation & Equitation

The event is for a team of four. Two riders jump 80cm and two riders jump 95cm. All Presentation and Equitation scores are added together for a total. Team with the overall highest value places 1st.

Presentation

- Riders present in team height pairs and are judged on their presentation i.e. gear, mount and the riders.
- This is NOT an exercise in having the same, or brand new, gear.
- It is expected that horses/ponies would be plaited for presentation.
- The judging is held before the riders commence their showjumping round in the jumping arena.
- A matrix and the scoring sheets is provided to the Presentation Judges, and two Judges score each rider. We want to
 encourage neat, clean riders correctly attired in their Pony Club uniform. We do not encourage excessive makeup or
 matching coloured gear.
- The marshal presents a team of two riders at a time, who will already have been officially gear checked and will be mounted.
- Judges have approximately five minutes to review and give a score out of five in each section (there are four sections). The final total is out of 20 points. This total is then added to the riders' equitation showjumping round score, judged in the SJ arena.

Equitation

See the (attached) score sheet. We have one judge who scores this.

Judge's Signature: _____

How is the Jumping Equitation 'Presentation' component scored?

These are the general requirements expected of Pony Club riders and their horses for Presentation.

Riders present in pairs, each judge assesses one rider. Each Judge has approx 5 minutes with a rider, so Judges can pick a few items from each section below to assess or have a general review of all. Judges are welcome to talk to the riders and ask questions about their horses or why they are using certain gear. Judge to complete the score sheet supplied.

RIDER

Helmet	correctly fitted
Helmet cover	clean
Hair	tied back with hairnet
Jewelery	studs only
Shirt & tie	clean, tied correctly
Jumper	clean
Badge	centre of jumper v
Jodhpurs	clean
Boots	sole okay, clean, polished
Gloves	clean
Whip	appropriate length
Body ptotector	correct fit
Chaps Gaiter/chappettes	clean

HORSE

Condition	appropiate
Body	clean, well groomed
Underbody	clean, well groomed
Head	clean, well groomed
Mane	clean, platted
Tail	clean, brushed
False tail (not comulsory)	no metal parts showing, secure
Eyes/nostrils/dock	clean, no discharge
Hooves	cleaned out, good condition
Boots	clean, well fitted

GEAR

Bridle	correct fit, good stiching condition	
keepe	rs, runners good condition/used correctly	
Leather	clean/supple	
OR Synthetic	clean	
Bit	clean, appropriate	
Noseband	clean	
SADDLE		
Saddle cloth	fit, clean	
Sadde	fit, clean	
Stirrup bar (dependant on Sadd	e down	
Stirrup leathers	stitching good condition, clean, supple	
Stirrup irons	size	
Girth	correctly attached, clean	
Girth straps	stiching complete, safe	
Martingale (not compulsory)	fit, stoppers	
Breast plate (not compulsory)	fit, clean	
Total Points Gear (out of 5)		
OVERALL impression (out of 5)		

AIM: Neat and tidy Club Members, wearing the correct Club Uniform,

A clean horse with well maintained gear

IT IS NOT ABOUT Makeup, matching expensive gear or matching horses.

Kindly provided by the PCAWA State Showjumping Committee

More things to know

The 'track' you ride for a jumping equestrian course is important

Not Following Track

Rider deviates from the ideal track.

CORRECT

INCORRECT

Cut Corner

The horse cuts the corner into an obstacle or line of obstacles. This can be caused by rider not looking to line, an evasion of, or lack of application of inside lateral aids. It can cause a horse to be unbalanced on take-off, jump to one side of the obstacle or to run out.

CORRECT

INCORRECT

1

CORREC

CORRECT

Drifting OutWhen a horse drifts on a corner he is no longer following a fluent track. It is a lateral evasion of a rider's aids or the lack of outside lateral aids. Often drifting is caused by rider not looking to the line.

INCORRECT

Deep Spot Long Spot

Off Centre

If not, ask your coach to explain them to you.

Propping

Dangerous

Do you know these take off terms?

Ideal Jump Sequence

- Horse lowers head and neck and begins to engage hocks
- Hocks are engaged and forehand raised, like a coiled spring ready for take off
- Spring released, horse shows very good bascule
- Horse stretching neck from withers and shoulders
- Horse maintaining good follow through with hind legs
- Horse landing with good balance ready for departure to next obstacle
