What is Website Builder?

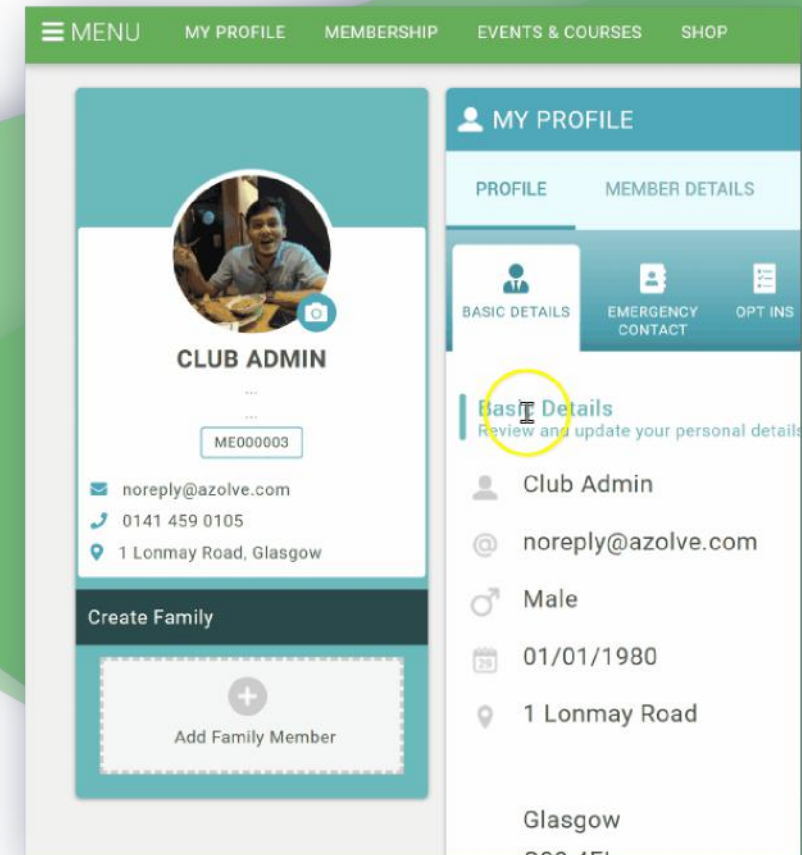

Club website builder allows you to design sophisticated websites for your organisation to advertise and market your membership benefits, events and many more.

Club Website Builder is available for clubs with JustGo Pro subscription

How do I access website builder?

Club Website Builder will be available in your Menu.

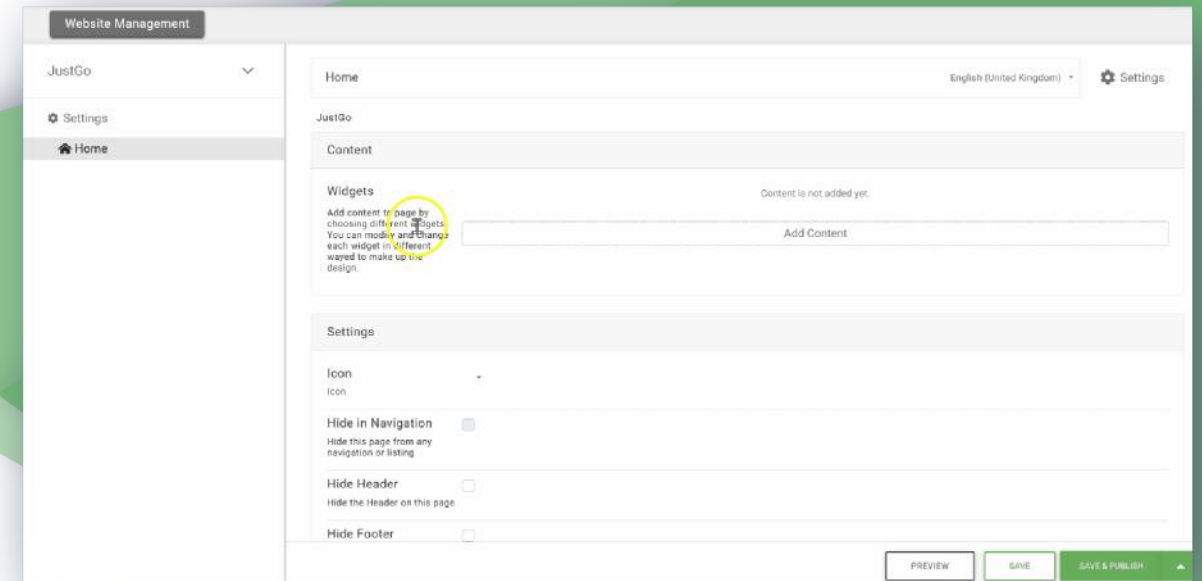

Home page

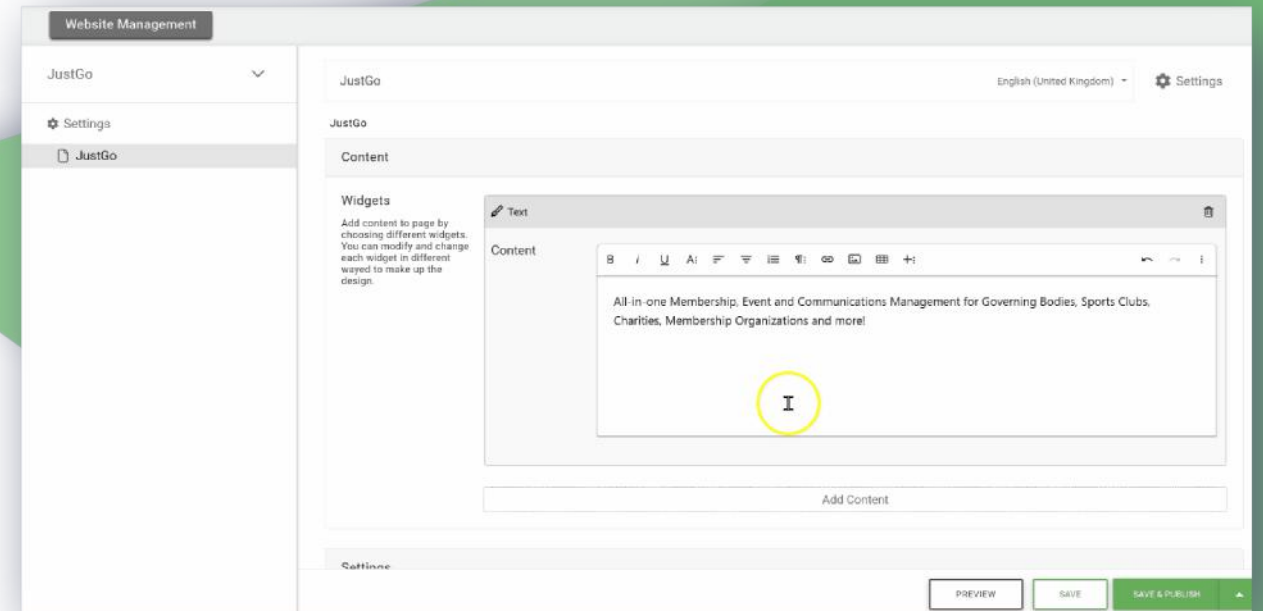

In your website Home is where your members will first land.

You can rename the page to make it more relevant for your members

Adding contents

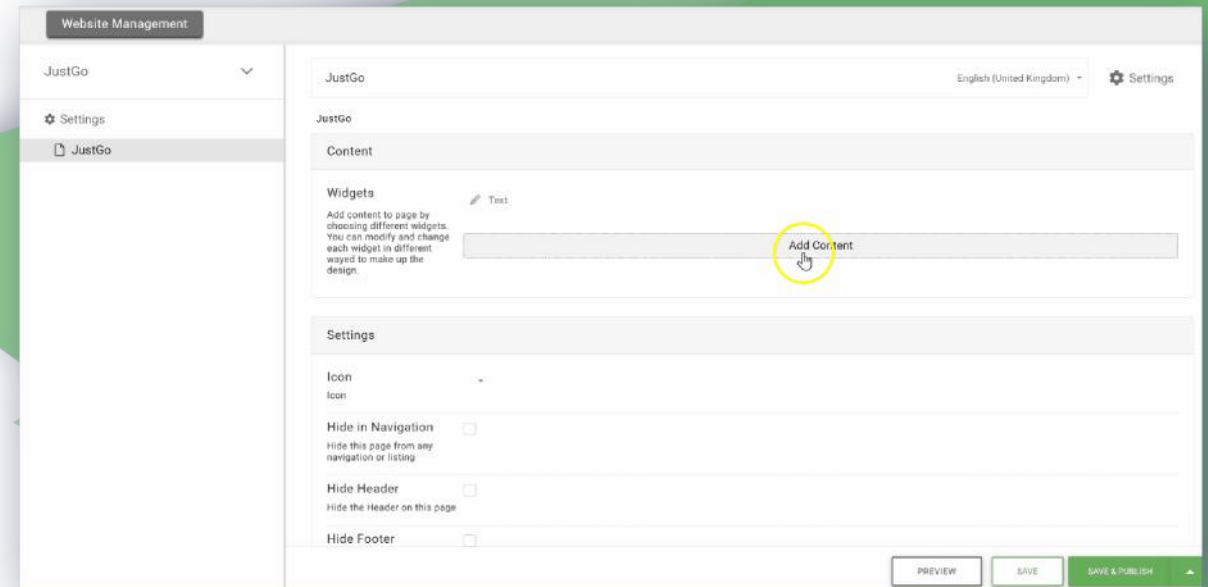

Decorate your web pages with multiple widgets to enhance your website experience

Widgets

There are multiple widgets specialising in different areas of content.

To open the widget panel select Add Content.

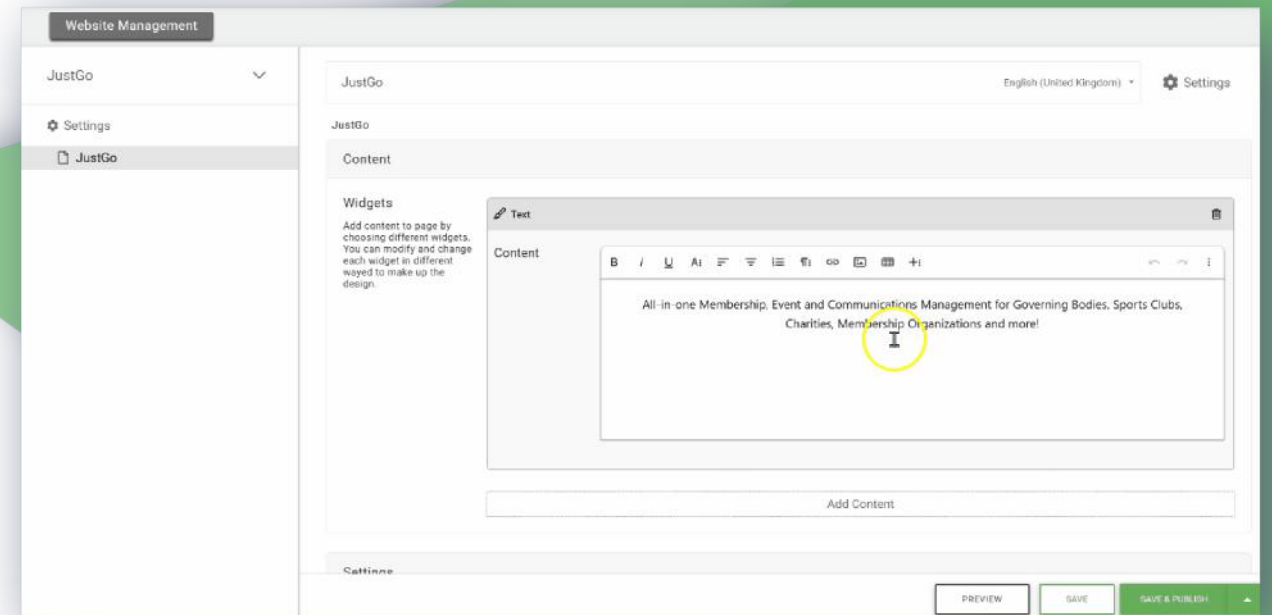

Widgets

Text is used to include articles and blogs on your website.

Image widget allows you to include and adjust images on your page.

Text & Image combines both widgets giving you the functionalities of both tools.

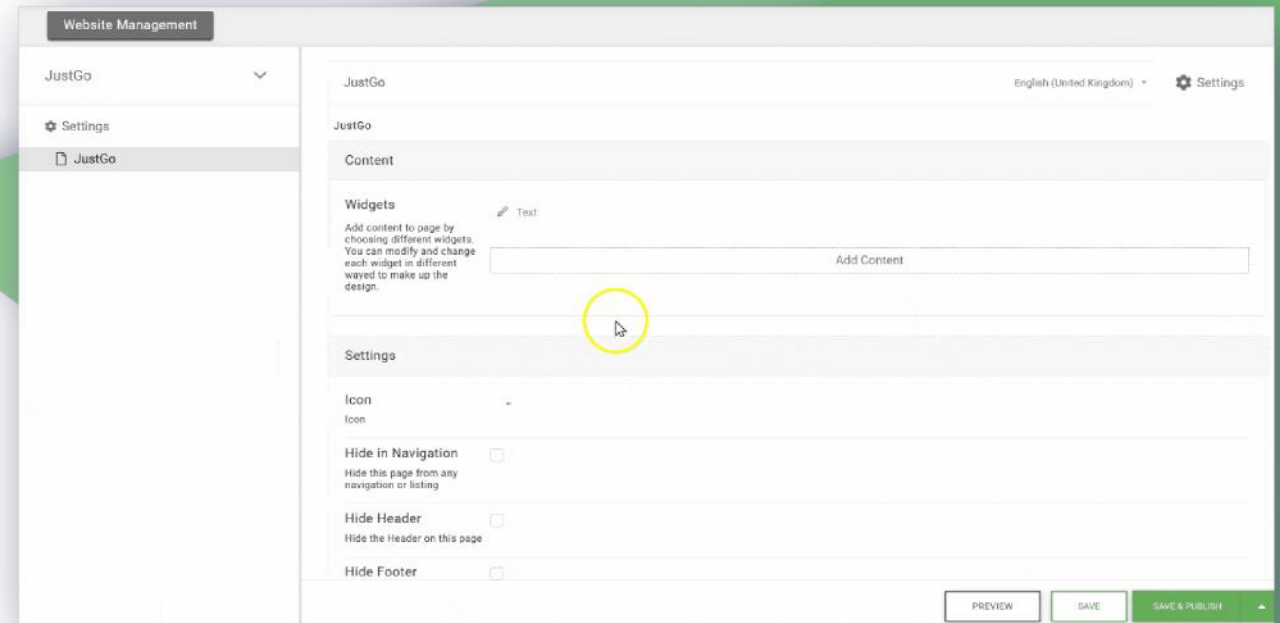

Events and social feeds

Integrate your club's events into your website using Events.

You can also include your Facebook and Instagram feed.

For Instagram, you will need to generate an access token. To enable Events reach out to Support@JustGo.com

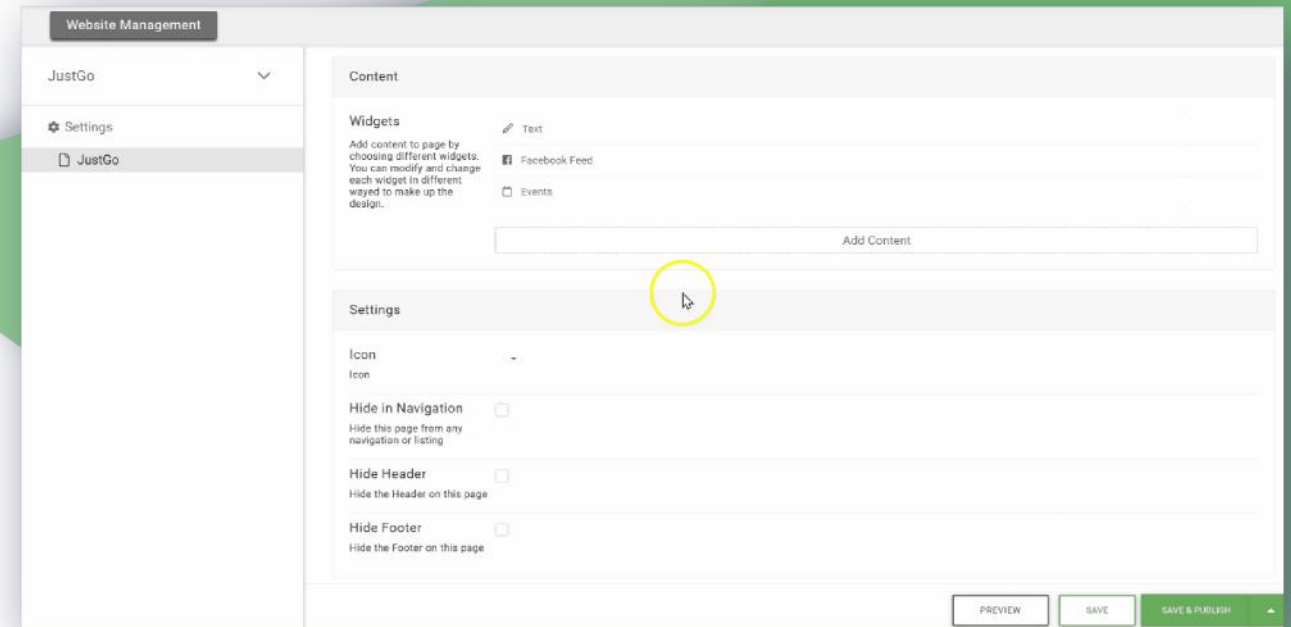

Map, Contacts and Grid

Add your club address, contact person, or staffs using the Map and Contact Us.

Grid allows you to add multiple Text widgets in a table format. You can also include Facebook feeds.

Page settings and SEO

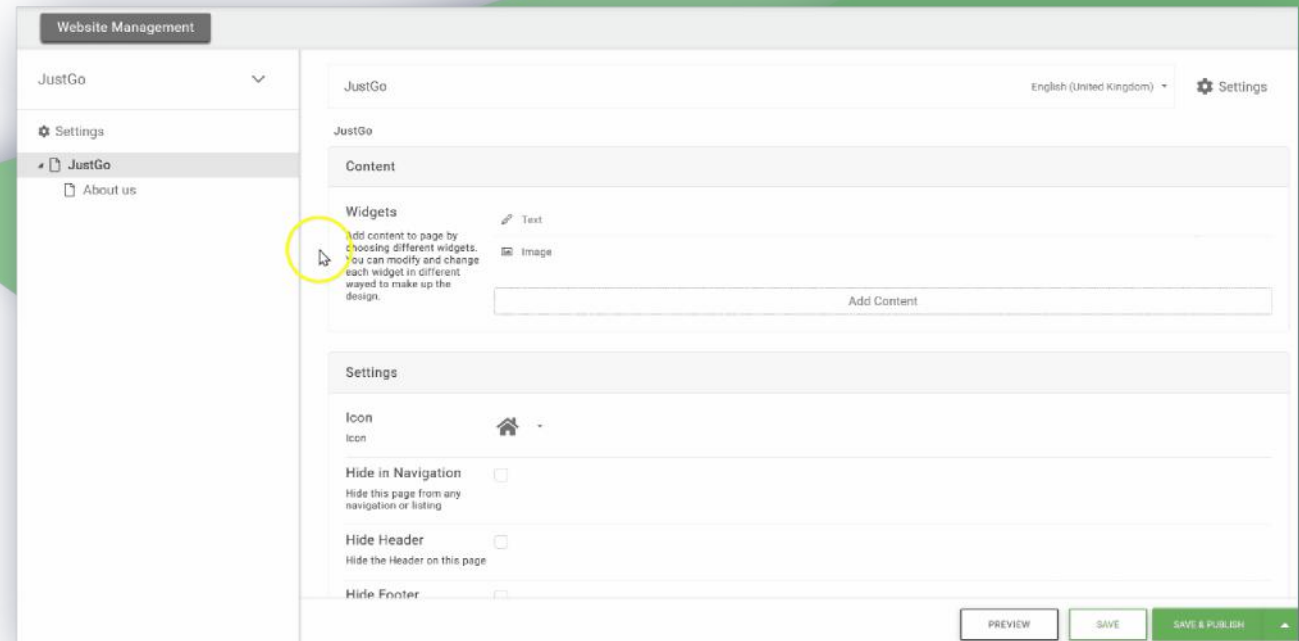

You can select different icons for individual pages of your website or hide the navigation bar, header, or footer through settings.

SEO allows you to define a title and description for your webpage for quick search results.

Managing pages

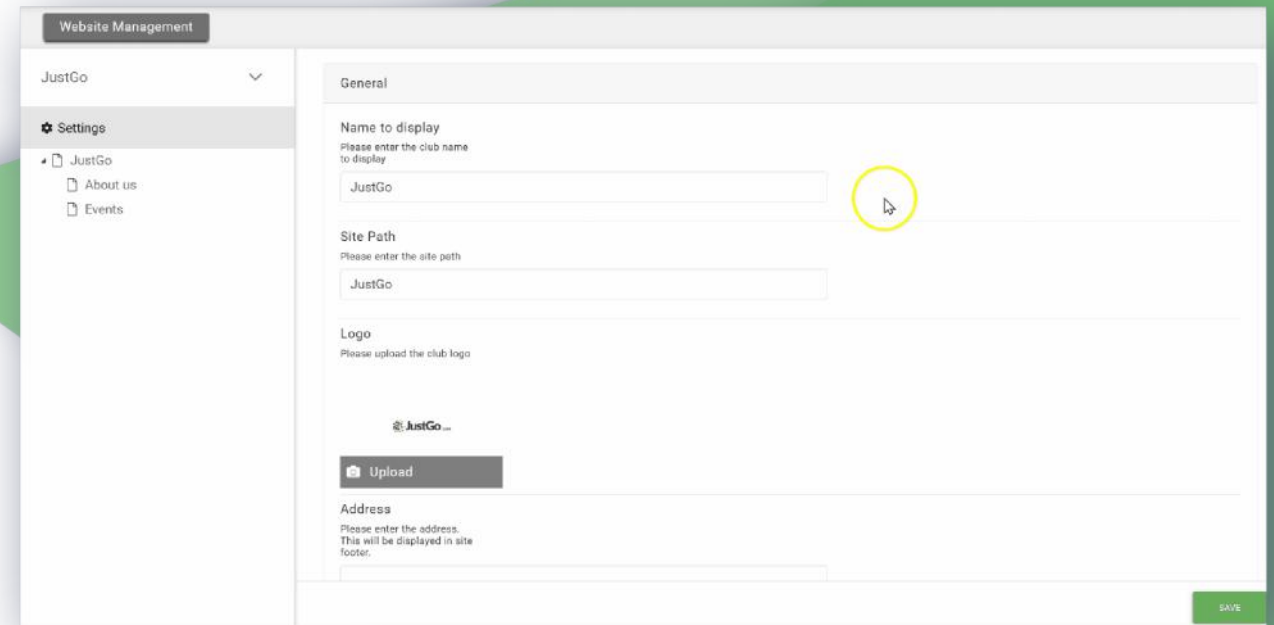

You can create new pages, sort or create sub-pages using move through settings.

Settings

Manage your website name site path, logo, address, and social media links from Settings.

You can also manage your website theme, and header size and switch from black or white footers.

A screenshot of the "Website Management" interface for JustGo. The left sidebar shows a navigation menu with "Settings" selected, and sub-items for "JustGo", "About us", and "Events". The main content area is titled "General" and contains several form fields: "Name to display" (with a yellow circle around the input field containing "JustGo"), "Site Path" (with "JustGo" in the input field), "Logo" (with an "Upload" button), and "Address" (with a text input field). A "SAVE" button is located in the bottom right corner of the form area.
